YZF-R1® Accessories

PERFORMANCE

1. GYTR® Carbon Fiber Dual-Slip-On Mufflers

Provides a significant increase in power throughout the rpm range with a maximum 4-hp gain while providing up to a 2 ft-lb increase in torque. Carbon fiber muffler shell with brushed stainless steel inlet pipe and end cap. Billet aluminum muffler mounts. Completely rebuildable. 2.4 pounds lighter than stock. Meets 2010 AMA® sound requirements.
For closed-course competition only (see Important Note below).

a. Fits '09~'10 R1
14B-E47A0-V0-00 $999.95

Provides a significant increase in power throughout the rpm range with a 4-hp maximum gain while providing up to a 3 ft-lb increase in torque. Carbon fiber muffler shell with brushed stainless steel inlet pipe and end cap. Aluminum muffler mounts. Completely rebuildable. 2 pounds lighter than stock.
For closed-course competition only (see Important Note below).

b. Fits '07~'08 R1
GYT-4C893-80-CF $999.95

Repack Kit for GYTR® Dual Slip-On Mufflers

Kit includes two packing suits, one for each muffler. For use in GYTR® Carbon Fiber Dual Slip-On Mufflers. (Not Shown)
GYT-4C893-33-KT $48.95

2. GYTR® High Flow Air Filter

Offers increased air flow and excellent filtration for performance applications. Washable and reusable. Service with Genuine Yamaha Gauze Filter Cleaner and Filter Oil, both available from your Yamaha dealer.

a. Fits '09~'10 R1
14B-E41D0-V0-00 $79.95

b. Fits '07~'08 R1
GYT-4C895-00-00 $104.95

3. GYTR® Sprockets

Front sprockets are manufactured from heat-treated chromoly steel, are CNC-machined to extremely high tolerances, and have a zinc finish to avoid corrosion. Rear sprockets are black anodized and made from 7075-T6 billet aluminum (1/3 the weight of steel). CNC-machined for maximum fit accuracy and long-lasting durability.

Sprocket sizes other than stock are for closed-course competition only. Changing the final drive ratio affects exhaust emissions and also affects speedometer readings.

WINDSHIELDS

1. Raised Bubble Windscreen
Made from high-quality polycarbonate. The shape channels the flow of air over the rider, reducing the amount of air directed at the rider's torso.
Fits '09~'10 R1

a. Clear
14B-F83J0-V0-00 $84.95

b. Tinted
14B-F83J0-U0-00 $109.95

2. Smoked Windshields
Customize your bike with this replacement smoked windshield. Windshield has stock shape and uses stock mounting hardware.
Fits '07~'08 R1
ABA-4C803-21-00 $78.95
Fits '04~'06 R1
GYT-5VY03-10-00 $79.95

FUNCTION & STYLE

3. Tag Eliminator
Allows for the removal of the stock license tag holder. Moves license plate up 4-5/8" and in 3-1/2" from stock. Includes all necessary components to maintain all legal requirements.
Fits '09~'10 R1
14B-F16E0-V0-00 $129.95

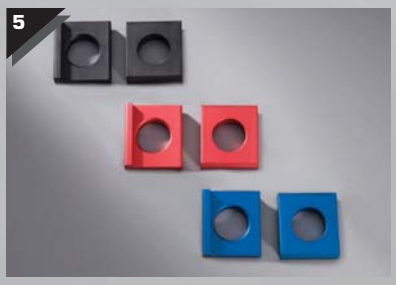
4. Frame Slider Protectors
Helps protect the frame and bodywork on a low-side fall. (Set of two.)
Fits '09~'10 R1 (Shown)
14B-F11D0-V0-00 $104.95
Fits '07~'08 R1
GYT-4C833-10-00 $109.95

5. Axle Blocks
Add some personalization to your R1 with these anodized billet aluminum axle blocks. Replaces stock. Three color options.
Fits '09~'10 R1
Black
14B-F53R0-U0-00 $59.95
Blue
14B-F53R0-V0-00 $59.95
Red
14B-F53R0-T0-00 $59.95

6. Engine Plugs
Add some personalization to your R1 with these anodized billet aluminum engine plugs. Replaces the stock 42mm crank access cover on the right side. Three color options.
Fits '03~'10 R1
Blue
ABA-13S27-14-01 $32.95
Red
ABA-13S27-14-02 $32.95
Silver
ABA-13S27-14-00 $32.95

7. NEW! Bar Ends
These handlebar ends are CNC-machined, aluminum anodized, and feature a carbon fiber inlay. These bar ends incorporate weights to mimic the stock weight so that vibration is kept at a minimum. Helps protect handlebars in the event of a fall.
Fits '02~'10 R1
Black
14B-F62C0-V0-00 $49.95
Blue
14B-F62C0-U0-00 $49.95
Red
14B-F62C0-T0-00 $49.95

8. R1 Grips
These duo-density rubber grips feature the R1 logo and reduce rider fatigue for increased comfort.
Fits '07~'10 R1
Black
14B-F62B0-V0-00 $16.95
Blue
14B-F62B0-U0-00 $16.95
White
14B-F62B0-T0-00 $16.95



1. Tank Pads

Help protect your gas tank from nicks and abrasions caused by belt buckles, snaps, or zippers.
Fits '09~'10 R1

a. Brushed Metal Look
14B-F41D0-T0-00 $32.95

36P-F47C0-V0-00 $189.95

3. FZ6R Seat Cowls
Quickly change the styling of your bike by adding a color matched seat cowl.
Fits '09~'10 FZ6R
a. Pearl White
36P-F47F0-S0-00 $199.95
b. Raven
36P-F47F0-T0-00 $199.95
c. Team Yamaha Blue
36P-F47F0-V0-00 $199.95
Fits '09 FZ6R
d. Cadmium Yellow
36P-F47F0-U0-00 $199.95

WINDSHIELDS

4. Raised Bubble Windscreen
Made from high-quality, hard coated polycarbonate. The shape channels the flow of air over the rider, reducing the amount of air directed at the rider's torso.
Fits '09~'10 FZ6R
a. Clear
1" taller than stock windscreen.
36P-F83J0-U0-00 $69.95
b. Tinted
Same as stock height.
36P-F83J0-V0-00 $99.95

FUNCTION & STYLE

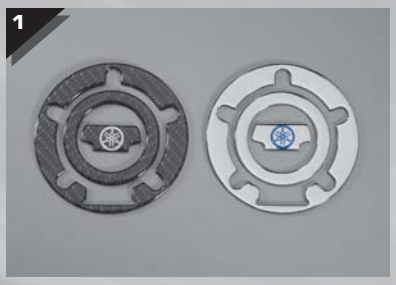
5. Frame Sliders
Helps protect the frame and bodywork in the event of a low-side fall. Requires some modification of stock fairing. (Set of two.)
Fits '09~'10 FZ6R
36P-F11D0-V0-00 $109.95

6. FZ6R Grips
These duo-density rubber grips feature the FZ6R logo and reduce rider fatigue for increased comfort.
Fits '09~'10 FZ6R
Black
36P-F62B0-V0-00 $16.95
Blue
36P-F62B0-U0-00 $16.95
White
36P-F62B0-T0-00 $16.95

7. Bar Ends
These handlebar ends are CNC-machined, aluminum anodized with a black zinc-plated mount. Ends feature a carbon fiber inlay. These bar ends incorporate weights to mimic the stock weight so that vibration is kept at a minimum. Helps protect handlebars in the event of a fall.
Fits '09~'10 FZ6R
Black
36P-F62C0-V0-00 $49.95
Blue
36P-F62C0-U0-00 $49.95
Red
36P-F62C0-T0-00 $49.95

8. Engine Plugs
Add some personalization to your FZ6R with an anodized billet aluminum engine plug. Replaces the stock 42mm crank access cover on the right side. Three color options.
Fits '09~'10 FZ6R
Blue
ABA-13S27-14-01 $32.95
Red
ABA-13S27-14-02 $32.95
Silver
ABA-13S27-14-00 $32.95

9. FZ6R Tank Pads
Help protect your gas tank from nicks and abrasions caused by belt buckles, snaps or zippers. Features the FZ6R logo.
Fits '09~'10 FZ6R
a. Brushed Metal Look
36P-F41D0-T0-00 $32.95
b. Carbon Fiber Look
36P-F41D0-V0-00 $32.95
c. Red Carbon Fiber Look
36P-F41D0-U0-00 $32.95
d. White
36P-F41D0-S0-00 $32.95



1. Fuel Cap Acccents
Fits '09~'10 FZ6R
Add this to your fuel cap for a custom look.
Chrome Look
GYT-5SL49-28-CH $24.95
Carbon Fiber Look
GYT-5SL49-28-CF $24.95

2. Sport Tank Bag
Top quality UV-treated Tri-Max® ballistic nylon. Contoured to match tank shape. Fully lined interior, heavy-duty zippers with pull fobs, reflective patch logo, map pocket, side pockets with charging cable accommodation. Lightweight powerful magnets allow for quick attachment and removal while Micro Hug™ base material holds bag firm without slippage or marking the bike.
Fits '09~'10 FZ6R
Black
36P-F41E0-V0-00 $89.95
CAUTION: Do not put goods into tank bag that may be sensitive to magnetic fields (magnetic media, electronic equipment, etc.).

3. FZ6R Bike Cover
Made from premium, ultra-durable Sur Last® solution-dyed polyester fabric. Resists fading, and helps protect your bike from the elements. Custom tailored for a precise fit.
Fits '09~'10 FZ6R
Black
36P-F81A0-V0-00 $119.95

FZ6™ Accessories

FJR™1300 Accessories

SEATS

1. FJR1300 Comfort Seat

A layer of gel built into this seat increases rider and passenger comfort. A unique carbon fiber weave pattern used in key areas for extra grip. Retains the stock height adjustability feature.
Fits '06~'10 FJR1300 models
ABA-2D221-10-00 $374.95

WINDSHIELDS

2. Touring Windshield

Durable polycarbonate construction. 4" taller and 1/2" wider than stock for added wind protection. Simply replaces stock windshield and uses the stock electric adjustment feature.
Fits '06~'10 FJR1300 (Shown)
ABA-2D203-10-00 $109.95
Fits '03~'05 FJR1300
ABA-5JW03-00-00 $104.95

LUGGAGE

3. Touring Trunk

An alternative to saddlebags, this Touring Trunk provides 1.83 cubic feet of space. Features fiberglass-reinforced double-shell construction. The convenient single lock mechanism controls a hidden 4-point lid locking system. Designed to match the saddlebag styling and factory paint. Requires Rear Trunk Attachment Kit (sold separately).

⚠WARNING

Not recommended for use in combination with saddlebags due to increased risk of overloading the motorcycle.

RUSSELL

3. NEW! Russell® Brake Lines

Russell® Performance Cycleflex® Street Brake Hose Kits incorporate the convenience and reliability of factory assembly for trouble-free installation, no additional components required. Our precision double-crimp technology ensures permanent end attachment and precise alignment for uncompromised fit. Street brake hose kits are engineered utilizing a Teflon® inner liner, supported by a rugged 308 stainless steel braid. Cycleflex® street bike brake hose kits duplicate the routing of factory brake hoses and come complete with all necessary hardware. The stainless steel braid enhances the overall appearance and meets all the guidelines for the DOT MVS-571.106 requirements. 50-state legal.

Fits '01~'05 FZ1
GYT-0SS55-50-58 $29.95

4. NEW! Russell® Front 2-Line Racer Kit

Russell® Performance Cycleflex® Two-Hose Racer Kits utilize a Teflon® inner liner supported by a stainless steel outer jacketing to eliminate brake hose expansion for a firm brake lever time after time. These kits consist of two brake hoses that connect directly to the master cylinder using a double-length banjo bolt (supplied), with the longer hose attaching to the left caliper, shorter to the right caliper. This eliminates the OEM hose set-up and brake junction, making brake services at the track simpler while providing excellent brake performance. All two-hose racer kits come with extruded clear coat to protect against abrasion of painted surfaces. 50-state street legal.

HARRIS PERFORMANCE PRODUCTS LTD

1. NEW! Harris Adjustable Rear Sets
These "factory style" footrest kits were developed on the race track by Harris Performance Products Ltd. These are the racer's choice and are fitted to many of the world's leading race bikes. Kits are CNC-machined from solid 6082 T6 billet aluminum. Standard shift pattern is the same as the road version. Levers run on self-lubricating bearings and the lever position is adjustable on rod-end spherical bearings. Footpeg position is variable back and/or up from standard by means of a matrix.
Aluminum
a. Fits '09~'10 R1
(Shown)
ABA-0SS56-20-94 $699.95

GYT-14B55-50-20 $649.95
b. Fits '08~'10 R6
ABA-62B55-50-19 $649.95

2. NEW! Harris "MotoGP® Style" Slip-On Silencer
Developed by Harris Performance Products Ltd., this lightweight, direct replacement silencer for the R6 is designed to replicate the sharp and aggressive look of current MotoGP® bikes. Get that race track look and sound without compromising reliability or performance. Handcrafted from stainless steel and left as manufactured for that authentic "works" look. No engine modifications necessary, comes with all fittings and instructions.
For closed-course competition only (see Important Note below).
Fits '08~'10 R6
ABA-62B55-50-21 $274.95

IMPORTANT NOTE:
All street motorcycle models are regulated by the epa and state law. this accessory affects exhaust emissions and is for closed-course competition only. Use on public roads constitutes illegal tampering punishable by law.

HARRIS PERFORMANCE PRODUCTS LTD

1. NEW! Harris Clutch Protector

Developed by Harris Performance Products Ltd., these top-quality, machined nylon clutch protectors greatly reduce the risk of expensive engine damage. Includes stainless steel and aluminum fasteners and brackets.
Fits '07~'08 R1
GYT-14B55-50-24 $84.95
Fits '08~'10 R6
ABA-62B55-50-22 $84.95

2. NEW! Harris Spindle Protector

Developed by Harris Performance Products Ltd., this front spindle protector greatly aids in reducing the risk of expensive front end damage in the event of a fall or tip over.
Fits '07~'10 R1
GYT-14B55-50-25 $84.95
Fits '08~'10 R6
ABA-62B55-50-23 $84.95

3. NEW! Harris Road Race Pivoting Levers

Developed by Harris Performance Products Ltd., from their direct involvement in racing, these levers are designed to flip up in the event of a fall, thus reducing the chance of a lever breaking. Equipped with an adjuster knob to facilitate span adjustment to enhance rider comfort and lever performance. Manufactured from the highest quality materials. Direct replacement for the standard equipment.

a. Pivoting Brake Lever
Black
Fits '04~'10 R1, '05~'10 R6
GYT-0SS55-50-72 $149.95

b. Pivoting Clutch Lever
Black
Fits '04~'10 R1, '99~'10 R6, '06~'10 FZ1, '04~'09 FZ6
GYT-0SS55-50-73 $149.95

4. NEW! Harris Front Wheel Stand

Developed by Harris Performance Products Ltd., this front paddock stand locates under each fork leg and facilitates all front-end work including wheel cleaning and removal. Main tubes are satin-finished stainless steel with mild steel zinc-plated swing plates with PVC anti-scuff sleeves. Two high-load wheels are incorporated into the design. A universal stand, the under fork leg probes swing into the correct position for any fork application. This one-piece welded structure comes with all necessary fixtures, fasteners and fitting for immediate use.
Fits R1 and R6 models
GYT-0SS55-50-65 $159.95

5. NEW! Harris Front Wheel Stand (with Headstock)

Developed by Harris Performance Products Ltd., this is the ultimate stand for maintenance, especially when you need to remove the front wheel or forks. Features a CNC-machined knuckle for greater rigidity plus an under-yoke adaptor kit. Made from high-quality stainless steel tubing, the stand provides a secure platform for your motorcycle. The supplied yoke pin locates in the yoke stem of your R1 or R6 when the stand is in use.
Fits '03~'08 R1, '03~'10 R6

GYT-0SS55-50-67 $349.95

6. NEW! Harris Rear Wheel Stand

Developed by Harris Performance Products Ltd., this "roll on" rear stand is fabricated as a one-piece unit using stainless steel tubing and high-load nylon wheels. The mild steel fabricated cups are coated to help protect the swingarm from friction damage when the stand is used, and are adjustable to accommodate different widths. (Requires Swingarm Spools, sold separately.)
Fits all R1 and R6 models

GYT-0SS55-50-66 $159.95

1. ChatterBox!™ Bluetooth® Intercom Helmet Headsets

XBi

Communicate rider to passenger via CDMA crystal-clear technology, using either voice activation or push-to-talk. Both rider and passenger module is capable of pairing with up to two accessory devices at the same time (i.e. iPod®, MP3, satellite radio, GPS, cell phone, radar detector), SMART technology will automatically prioritize the transmission of the paired devices. The XBi is so far advanced that it can even stream music from one module to the other. Each module is also capable of being used by itself to pair accessories when riding alone. Other features include a lithium-polymer rechargeable battery with 6 to 8 true hours of power, 1-hour express charge, noise suppression, Hi-Fi headset, and a compact aerodynamic module design. Each kit sold includes module, battery, wall charger, headset, and mounting hardware.

a. Open-Face XBi Helmet Kit
GYT-0SS56-20-16 $184.95

b. Full-Face XBi Helmet Kit
GYT-0SS56-20-18 $184.95

XBi2

The XBi2 wireless intercom comes equipped with A2DP Bluetooth® technology. All the same features as the XBi but with additional power that allows simultaneous communication between three riders with up to a 1640-foot (500-meter) range in optimum conditions. Stream audio signal from any source that already comes equipped with Bluetooth®, such as cell phones, MP3, GPS, or iPod®/ iPhone® when hooked up to a Bluetooth® adapter such as the iCombi Bluetooth® Dongle Adapter. XBi2 will allow up to 6 to 8 hours of true talk time and 48 hours of standby time on one charge.

a. Open-Face XBi2 Helmet Kit
GYT-0SS58-40-21 $229.95

b. Full-Face XBi2 Helmet Kit
GYT-0SS58-40-20 $229.95

c. iCombi Bluetooth® Dongle Adapter

Uses Bluetooth® 2.0 (A2DP/AVRCP) technology to wirelessly stream your stereo music from any MP3 player, satellite radio, navigation or other audio device that has a standard 3.5mm headset jack. It has an internal rechargeable battery that last up to 6 to 8 hours. Has a wireless range of up to 30 feet. Includes USB cable for charging from any computer.

2. NEW! Graves™ Motorsports Full "Low Mount" Exhaust System

For the rider that is looking for something a little different, the stainless steel Low Mount Drag exhaust. This system features mandrel bent stainless tubing, billet aluminum flanges, and our full carbon fiber side exit silencer. It is extremely light yet offers the amazing horsepower increases Graves™ is known for. An O_2 bung (with plug) is provided for use with the stock Yamaha O_2 Sensor or the Dynojet® Auto Tune module which allows for live, closed-loop EFI tuning. "Everlast" packing produces an exhaust note like no other and holds up longer to the extreme conditions of a high-revving motorcycle. This full exhaust system delivers exactly what this revolutionary R1 deserves: big power, lasting durability, style, and sound. System gives an overall weight savings of 15 lb. compared to stock exhaust system.
For closed-course competition only (see Notice below).
Fits '09~'10 R1
Full Stainless Steel/ Carbon Fiber
ABA-0SS56-20-88 $1,499.95

3. NEW! Graves™ Motorsports Full Exhaust Systems

The Graves™ Full Exhaust Systems offer class-leading performance. All systems offer significant weight savings compared to stock. Systems reduce engine operating temperature. These systems have a race bike type appearance and are designed for serious racers and track day enthusiasts.
For closed-course competition only (see Notice below).

1. NEW! Graves™ Motorsports "Race Spec" Exhaust Systems for R6

Graves™ Motorsports hand-made-in-the-U.S.A. full exhaust systems for the Yamaha YZF-R6. This high performance exhaust system features head pipes, billet aluminum flanges, and silencer. O_2 bung is provided for use with the Yamaha O_2 Sensor. The "Race Spec" full exhaust system includes an added cross-over head pipe feature along with a more aggressive head pipe taper. These features allow for an increased throttle response and low-to-mid range power delivery without affecting the peak power output. The exhaust system's cores are altered in size and taper length specifically for the R6. By doing so Graves™ can maximize the performance of the exhaust system.

For closed-course competition only (see Notice below).

2. NEW! Graves™ Motorsports Cat. Eliminator Exhaust System

The Graves™ Motorsports Cat. Eliminator exhaust system is a perfect mix of form and function. Eliminating the catalytic converter from the stock exhaust removes significant weight, reduces stored up exhaust heat, and increases the flow of exhaust gases. When all of these factors are combined it equals POWER. It features mandrel-bent tubing and silencers with tapered conical outlets. An O_2 bung (with plug) is provided for use with the stock Yamaha O_2 sensor. "Everlast" packing produces an exhaust note like no other and holds up longer to the extreme conditions of a high-revving motorcycle.

For closed-course competition only (see Notice below).

1. NEW! Graves™ Motorsports Adjustable Rear Sets

These rear sets feature billet aluminum construction, M1 footpegs, double roller bearings in the brake and shifter pivots, and left-side carbon fiber heel guard. Includes shift rod and shift knuckle. Our unique adjustable M1 footpeg offers superior grip via the large CNC-machined "teeth" and comfort due to its large contact patch and ability to be rotated to any desired angle. The lever tips are collapsible and feature a high-grip rubber cover ensuring positive grip and feel when shifting and braking. The carbon fiber heel guard is designed to be functional as well as look great. The right side is an optional upgrade (purchased separately). The sturdy, lightweight construction ensures it will last when digging your heels into them. Rider can select from either reverse or standard shift pattern by rotating the stock shift knuckle on the shift shaft. In order to use a Dynojet® Speed Shifter you will need to use the Dynojet® Ignition Module along with the Power Commander® PC3USB. If you are using reverse shift, you will need to order the Shift Rod Tension Sensor (Pull Type) and 246mm Shift Rod. If you are using standard shift, you will need to order the Shift Rod Tension Sensor (Push Type) and 246mm Shift Rod. See your Yamaha dealer or go to *gravesport.com* for optional equipment.

2. NEW! Graves™ Motorsports Velocity Stacks

The Graves™ Motorsports Velocity Stack Kit is specially designed to suit the fuel-injected Yamaha motor.

a. R1/ FZ1 Application

The kit of four injection molded plastic intake stacks mount directly into the stock airbox without modification and are designed to smooth out the power curve, increase horsepower throughout, and improve fuel efficiency. Power gains of 4 hp in the mid range and 2 hp at the top end are to be expected.

For closed-course competition only (see Notice below).

Fits '04~'06 R1, '06~'10 FZ1

ABA-0SS56-20-71 $149.95

The kit of two rubber intake stacks replaces the stock intake stacks on the #2 and #3 cylinders. These new intake stacks mount directly into the stock airbox without modification and are designed to smooth out the power curve, increase horsepower throughout, and improve fuel efficiency. Power gains of up to 6 hp in the mid range and 2 hp at the top end are not uncommon.

For closed-course competition only (see Notice below).

Fits '02~'03 R1

ABA-0SS56-20-68 $99.95

b. R6 Application

The kit of four billet aluminum intake stacks mount directly into the stock airbox without modification and are designed to smooth out the power curve, increase horsepower throughout, and improve fuel efficiency.

For closed-course competition only (see Notice below).

Fits '03~'04 R6

ABA-0SS56-20-72 $99.95

PIAA

PIAA® Powersports Replacement Headlight Bulbs

Durable, dependable and reliable, PIAA® Powersports Anti-Vibration bulbs are specifically designed for powersports to significantly increase bulb life and performance. By utilizing quartz glass which is stronger than a standard H4 bulb, PIAA®'s Anti-Vibration bulbs allow better dissipation of heat. A thicker diameter filament support is fixed to the glass tube allowing the bulb to withstand a large range of motion. (Please refer to the 2009 PIAA® Bulb Application Guide at www.piaa.com/Powersports/guide.html.)

Super Plasma GT-X – A new addition to PIAA®'s line of high-performance bulbs is the Super Plasma GT-X, with a unique twin beam design. The low beam is a purple color shining at 5000K, while the High Power Halogen high beam maintains Xtreme White performance at 3800K. A purple colored topcoat gives the headlamp a purple look even when the lamp is turned off. At 5000 Kelvin, the Super Plasma GT-X bulbs offer an unmatched combination of fashion and performance.

Xtreme White Plus – PIAA's® most popular headlight bulb by far. The Xtreme White is the favorite combination of color and performance. The addition of the anti-vibration characteristics makes this the perfect bulb for every application. The blue top coat on this series of bulbs adds a slight blue tint to a lamp with no loss of performance. Xtreme White Plus bulbs are whiter, brighter, and close to the color of sunlight.

Star White – Star White bulbs are significantly whiter and brighter than normal halogen bulbs. Star White bulbs feature PIAA's® exclusive XTRA Technology, which increases bulb performance without taxing your bike's electrical system. Star White technology approaches the color and intensity of H.I.D. color temperature, 3800 Kelvin.

1. NEW! PIAA® H7 Xtreme White Plus Bulb

Rated at 4000K and providing 110 watts of light from only 55W, these bulbs emit a brilliant Xtreme cool white light that illuminates road hazards and signs long before a normal halogen bulb would.
Fits '03~'10 R6, '06~'09 R6S

ABA-0SS58-40-11 $49.95

2. NEW! Motorcycle Gas Filler Unit

Developed by McCuff® Industries, Inc. This gas filler unit allows you to easily fill up your motorcycle without needing to check your fuel tank every few second to monitor the fuel level. The unit facilitates a steady stream of fuel into your tank. Once the nozzle clicks off, your tank is full on the first click. Eliminates spills, overflows, and guessing. Comes with convenient MotoBag® with Velcro® system that can attach to your bike.
Works with Yamaha R1, R6, FZ1, FZ6, FJR1300A/AE, WR250R/WR250X models
